---

### Experience

#### Portfolio

An interactive digital portfolio showcasing all web projects

2022-2024

- **Tech Stack:** Semantic HTML, CSS/SCSS, Vanilla JavaScript/TypeScript, Vite, Playwright, GSAP.
- Developed custom JavaScript animations (smooth scroll, page transitions) and ensured mobile-first responsiveness.
- [mariuszgruszczyński.com](https://mariuszgruszczyński.com)

#### Hable Más

AI-powered language learning platform for conversational Spanish practice

2022-2024

- **Tech Stack:** TypeScript, React, Node.js, PostgreSQL, OpenAI, AWS (S3, Lambda, SNS), Firebase Auth, Vitest, Playwright, CI/CD, Docker, Turborepo.
- Designed a seamless, interactive learning journey for users.
- [hable.netlify.app](https://hable.netlify.app)

#### BeanBazaar

Platform for coffee enthusiasts, compiling product data from various online stores

2022-2024

- **Tech Stack:** TypeScript, React, Node, Puppeteer, PostgreSQL, Firebase Auth, Bash, Vitest, Playwright, Turborepo, CI/CD, Docker.
- Created a convenient one-stop shop for coffee product discovery.
- [beanbazaar.netlify.app](https://beanbazaar.netlify.app)

#### Task Ease

Mobile-first design application for organising learning activities

2022-2024

- **Tech Stack:** Vanilla JavaScript/TypeScript, Vitest, Playwright, CI/CD.
- Developed intuitive features for scheduling and tracking activities.

- [taskease-app.netlify.app](https://taskease-app.netlify.app)
- 

## Education & Mentorship

### One-to-One Mentorship with Damian Świstowski

Staff Software Engineer at GENIE AI, London

2023-Present

- Gained in-depth knowledge in general programming concepts, computer science, algorithms, and backend development.
- Enhanced proficiency in handling both ends of the software stack.

### One-to-One Mentorship with Manish Gharat

Senior Software Engineer at Miro, Netherlands

2023-Present

- Focused on frontend development using React, TypeScript, and JavaScript.
  - Improved skills in design layout and responsive web design.
- 

## Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript, C
  - **Frameworks/Libraries:** React, Node.js, tRPC, Fastify
  - **Databases:** PostgreSQL
  - **Web Technologies:** HTML, CSS/SCSS (Vite, Gulp)
  - **Tools/Platforms:** AWS, Netlify, Railway, Git/GitHub
  - **Testing:** Vitest, Playwright
  - **DevOps:** CI/CD, Docker
  - **Design:** Responsive Design, Performance Optimization, Design Patterns
  - **Scripting:** Bash
  - **Other:** Redux, React Query, RESTful API Design
- 

## Soft Skills

- **Languages:**
  - POLISH (native)
  - ENGLISH (professional fluency)
  - SPANISH (professional fluency)

- **Interpersonal:**

- Cross-cultural communication
- Team-oriented
- Self-disciplined
- Detail-oriented
- Motivated
- Adaptable
